TO ALL

The staff and supporters at the prison university project, a heart felt thankfulness to you all and the work you do, and time you put in to helping those of us who are behind these walls I talked to other inmates who are taking the program nothing but positive things are being said let me introduce my self my name is Reginald I am a first time lifer I've only been down 2 1/2 years and I am thankful to God for blessing me to be here at San Quentin where there are so many programs for the men here to take to become better human beings and make changes in our lives and choices where we can get out and make a difference in our families and communities there is good in everyone that God has placed in us but so many times we chose to do wrong which not only effect us but others also

as a christian man I believe any-
one ^{can} change with God's help because
he changes the heart but the
person has to want to change as
you said there are a huge number
of people on the outside thinking
about us it's good to know we are
not forgotten theres an old saying
reach one teach one thanks for
reaching out to us to help every-
person I come in contact with I
encourage ^{them} to look within them
self and use this time to get in
to programs, and use the tools
they learn to make changes in
there life because there families
needs them every person behind
these walls is a somebody, and
they are special to God, he has
perfect plans for there life
(Jeremiah 29:11) and he loves
them (John 3:16) and care
about them (I Peter 5:7)
again thank you for the work
and the time you put into

helping, and supporting us.

I pray that those who read this,
those you share it with know
that they are not forgotten but
~~thought~~ ^{thought} OF.

Thank you for the blessed
gift.
