Dear Friends at prison
university project:

Thank you very much for
the wonderful care package! I
Really appreciate it!! I have
to say as a Christian that it
was a prayer answered. I am
currently on Quarantine in ADSEG
here at SAN Quentin prison, Recently
got transferred here from Chino
prison down by L.A. COVID-19
Really hit hard in Chino. 12 deaths,
as of 2 weeks ago, and Army
tents up out in the field, FOR
social distancing, lots of infections
but honestly the only 2 Dorms
unaffected, were my dorm (willow
dorm) 1 infection, and the "Christian"
Dorm or "South" Dorm. once again
I give the LORD (God) credit as
I was praying every Day that
this virus not affect me.
Literally Gods word went into
action (Exodus 12:13 and Psalm 91)

→ were 2 scriptures/chapters I used in my daily prayers.

Then - 2 weeks ago out of nowhere I was transferred here to SAN Quentin, part of a High Risk Medical move. I am a High Risk Medical inmate.

So here I am in total isolation here in SAN Quentin, On a precautionary New Arrival Quarantine, and in my cell thinking "I'm really hungry!" and 2 seconds later, A Big of snacks, soap, etc. From you guys (prison university project). It was perfect timing. So I wanted to write you back, with one of the stamps and paper & envelope to SAY "THANK you, From my heart to yours" I am serving a 4 year prison sentence at 66% - 2 Doubled to 4 because of a strike, And I get out towards end of Next year if I can get some milestones!

But I want to let you guys know

About who I am. I am 46 years old, and HAVE been in and out of prison since 2003. All Alcohol and Drug Related offenses. I used to blame the police, the government, Society For putting me here in prison. I Found every excuse in the world to keep on using Drugs and Alcohol. well, I have a new outlook and way I see things. I am the reason I am in prison, my addictive behavior and Lifestyle I chose got me caught up with the Law. I honestly am a Respector and believer in our system, I know this sounds crazy, but I need to be Right where I am. God disciplines those He Loves. In some weird way the arresting officers (Redding police department) HAVE saved me (more than once) From myself! Yes! I am seeing this as SALVATION from A life of Drugs - Meth - Alcohol →

etc. I used to hate police, and the system, But now, HONESTLY, I care a lot about police officers and First Responders, and I have grown to be fascinated and humble before our criminal justice system. I see a real need for prison, it works if we apply it.

I am doing everything I can to change my way of thinking and living, my lifestyle and my commitment to God, Family, Country, (Society) is to stay clean and sober, and to remember always that if I choose to return to my old ways, then prison will be here waiting.

So as I sit here in this boring, messed up place, I see the good through all of it, instead of the bad. Don't get me wrong, prison sucks!! But I give my thanks to the police who arrested me →

→ to God who allowed all of it to happen, to our Society for buying and paying for all our Food, electricity, programs, clothing, etc. to my Family for not giving up on me, and to you guys at prison university project for giving me a wonderful gift/care package I keep up the good work, you are a Big inspiration to my New Life in Christ, and I will be helping people out in my Community (Redding, ca.) when I get out and doing what God (and parole!) wants me to do to be successful. I encourage people to help each other out but there to go the extra mile for one another, to give Police officers and First Responders more credit →

Prison Guards are working hard to keep it clean and safe. They deserve lots of credit

and Respect, their jobs are dangerous and they need more credit and Respect for what they do. If a police officer R gives a verbal command, (Do it!) simple!

They don't mess around, they are protecting us, and our Nation, and themselves, from Real threats and Dangers and enemies as well. So I give a Salute and a Thank you to the men and women of Law enforcement and First Responders, prison guards/military too.

Also. People, our great president Donald J Trump deserves more credit. If we pray for and support our leader R and not be in Rebellion, Like SATAN, This country will be Great again. I encourage everybody
