To: Jody Lewen, ENTIRE PRISON UNIVERSITY
PROJECT / MT. TAMALPAIS COLLEGE STAFF,
teachers AND friends.

I'd like to thank you all for your very thoughtful goodie bag, its nice to know there's people that care and believe we are human and should be treated the same. I wish the good citizens of California really understood this so called rehabilitative system and why it is so broken, for many of us lifers the hope is draining. You have the members of the Board of Prison Terms, that no matter how many hoops you've jumped thru is never enough, a psychologist who sees you once every 3 yrs for a couple hours and is one of the powers that determine if you go free or

waste away for another 3 yrs at the minimum, you never see the same one twice so how can they know you? If you ever want to interview someone, I'm available and I'd like to share with you the certificates, chrono's letter of support from family and friends, free staff and CO's, acceptance letters from Transitional housing, relapse prevention plans that the board feels they are nothing. The light at the end of the tunnel is going dim again and for many of us lifers so goes the hope. We (I) are not our crimes. Once again thank you for caring and for the "goodie bag" for a minute more smiles than you've see in awhile.

Sincerely
Dennis Jefferson
