## Prison University Project,

I am writing this brief letter to say thank you for showing that you care in this time of need. It was a blessing to receive the bag of treats and stationery. In a place of such Kaos nice gestures are very rare and much appreciated.

During this corona virus my father was in a head on collision and is in critical care yet I am thankful that he made it out of life support and off a ventilator and is now breathing on his own. Receiving your bag of treats reminded me that there is still some caring people out there

I am here for evading and possession of a firearm (not loaded) they gave me 5 yrs 4m 2 yrs (doubled up for previous strike) for evading and 1y 4m6 for the firearm all non-violent.

Last time I was given 7yrs for standing next to a stolen car not even caught inside the car. I'm just saying these laws are crazy I take full responsibility for my actions I just know that much is needed in the area of prison reform & with all this over-crowding

Anyways thank you once again it was nice to see smiles on peoples face, they may not write but they appreciated it.

Thank You

Andrew Jones
