Everyone at PUP,

Thank you, thank you, thank you for the gift/care package. To me it is more than a gift. It tells me someone really cares and understands the life of a incarcerated human. This means a lot to me. Thank you!

Please stay safe. Be healthy!

Life is Good

Ok. A little more since I have the time.

I am currently enrolled in English 101A. Your two instructors, Ellen Greenblatt and Susan Hirsch, are excellent teachers. Actually they are above excellent. They are the best! To me, they are teaching the roughest, toughest, and most challenging students. Yet they remain cool and calm. Not judging or talking down. They reach out and give us a hand up. Delivering their knowledge and skills which helps us better ourselves. Bottom line, you hired two of the best.

My goal is to take your Spanish classes. I have less than five years to serve. I would like to be bilingual when released.
