To Whom it May Concern,

I am writing this letter regarding to the Coronavirus. I am a 66 year old black inmate here at San Quentin Prison with existing health issues, includes: moderate - Severe COPD; history of prostate cancer treated in 2010 and under continued surveillance; ulnar, pre-diabetes GERD. This administration do not care about inmates' life, especially when it comes to Black inmates, This one Lieutenant ON second watch have his %s wrote me up for not wanted to accept any inmate who is coming off the bus from Southern Prison. I have gotten two R.V.P. with in a month because I am not going to take the risk by accepting any of those inmates who coming from other prison. I am a high risk to Covid-19. This one lieutenant heard both IIS, and he take all my privileges, Canteen privileges, 90days, yard Recreation privileges 90days, Day Room privileges 90days, phone privileges 90days, packages privileges 90days and property restriction 90days. The message (this racist lieutenant is sending particular to Black inmates either take the risk of accepting one of those inmate who is coming from another prison or another building expose to the virus or refuse and get a IIS and possible denial when you go to the parole board. A few younger black inmates give in and accept inmate from different prison and building. We have 159 cases of the coronavirus here at San Quentin now, before these inmates come here we did not have any case, AS have today North block in San Quentin prison is on quarantine suspected Covid19 case in this building. I have not been to the yard over 60 days now with the excessive punishment and my illness I am physica

emotional and mentally stressed. I want the outside world to know what is happening inside here with the covid-19. Black inmates lives matter. Tell the world!

I / Mr Roney, Jr
