Dear Jody Lewen / Prison University Project,

☺ Hello there, how are you - one & all doing today? I hope all is well and you & your family's have been able to avoid this virus.

I was rather shocked by the package I received today! I can't & won't speak for anyone other than myself - but - I would like to say "Thank You"!!! Your generosity & kindness was extremely unexpected.

I've used words like "shocked & unexpected", because I've been here in S.Q. since Dec 22, 1997 and it has been my experience that when the outside organizations gather together to send things like this into San Quentin they only reach the "main line inmates". Never do they get distributed to those of us on death row! This is a first in the time I've been here. So Thank you.

You may use this letter with my permission for whatever - beyond that I'm not looking to be contacted.

Take care, smile ☺ Stay strong - stay smart & stay safe.

Always,

*Lynn*
