we don't know

what to say.

Hope that's okay.

We can pray.

And care. And love.

Dear Prison University Project,

Hello! I hope all of you are well and in great spirits. As for I, I'm alright -

Thank you for your compassion in thinking about us guys on death row, and in prison in general.

Introduction is not my forte, but I understand there are certain amenities that are requisite for establishing relations - Please, forgive me if I omit social protocol and proceed to relate to as a human being, and not a man on death row - my object is to give some insight to who I am, and say "I appreciate the care packages".

I'm also in the prison college program - well, at this time, I'm not in a class - I'm in Coastline Community College - I have one more class to finish my Associate of Arts degree in Social and Behavioral Science, and Associate of Science in Business - I only have to pass Algebra - 0501. I have to basically study and learn this on my own, because we don't have tutors on death row -

I'm from Oakland, Calif - I've been held captive for 32 years for robbery murder based on circumstantial evidence - At this time, I'm writing on a ruling on my

I look promising with
all the misconduct they

say for now - once
again, thank you for
your compassionate

With warm regards!

Thank you!
