“*How America treats its incarcerated people, during COVID and always, is an insult to the notion of civilized society. I'm so thankful to you for so much: care, educational opportunity, hope, and now essential information and supplies for inmates, and a window and hope for me. Keep shining light!*”

Annual Reviews

“ *The care packages require so little (from me—just a donation), but seem to make such a huge difference for those incarcerated. The thank you letters I have seen are incredibly heart-warming and touching. I am happy to play a small role in bringing joy and hope to the [incarcerated people] of San Quentin.*”

“ Education is the great equalizer for those of us who have been disenfranchised. It builds equity and helps define who we are, what we believe, and where we stand on important issues. It equips us to be leaders. Education puts us in a better position to confront any and all dark times that may be ahead. It gives us hope. It gives us the mental and physical strength to continue on and faithfully guide, not only ourselves, but others out of darkness and into the light.”

“ We are educated, eager, capable, and ready to manage our lives in the outside community... Most of us will get jobs, settle down, buy a home, get married, and—God willing—raise a healthy family of our own. We will join a union, pay our bills and taxes, and look forward to retirement like all of you. We will also give back to our communities by bringing our experience, strength, and hope... Let our experience be a guide to overcoming life’s obstacles and bringing success to all endeavors.”
